OTS Guardian Full Face Mask inc. Diver Comms (Super Mic)

OVERVIEW

The OTS Guardian line of Full-Face Masks (FFMs) is the most recent diving innovation from OTS. Designed to meet the demanding needs of today's Commercial/Professional Diver it leverages the best features found on other FFMs with unique features.

FEATURES

Easy Cleaning: Removable 2nd stage for easy cleaning and storage (can't be used without mask)

Quality Build: Made of a one-piece, non-rigid silicone skirt combined with injection-molded, high-impact, glass-filled ABS plastic frame and regulator housing

Fitting: A double face seal and slightly smaller oral nasal cavity to fit most faces

Equalization: Equalization occurs through a nose block.

Eliminate Fogging: Air flow is directed up over the visor to eliminate fogging and through one-way valves in the oral nasal pocket to reduce CO2 retention.

LP Hose: 2nd stage comes off the right shoulder and uses a standard LP hose

Ambient Breathing Valve

Communications Port: Includes a communications port for easy installation of a Buddy Phone® or ear/microphone assembly to connect an OTS Diver Communications Unit

SPECIFICATION

Color - Black

Weight - 5.5 lbs
