The Broco BR-22 Plus Cutting Torch Features 21 new design improvements including:

Improved Grip: Redesigned collet provides tighter hold on the cutting rod.Â

Extended Life: Redesigned collet washer removes rubber from the oxygen stream and extends washer life.Â

Isolation: Ceramic washer provides noncombustible electrical isolation.Â

Reinforced: PTFE lined fiberglass reinforced hose withstands extremely high operating temperatures and is combustion resistant.Â

Internal Gasket: The internal gasket reduces electrolysis insulates the diver hand from electrical current and reduces potential for gas pockets in the torch.Â

Increase Oxygen: Sintered element slag arrestor withstands more heat and sparks and increases oxygen flow rate.Â

Control Flow: Non-return valve stops the flow of hot gases in the event of a flash back.Â

Manual: Valve lever and valve stem have been redesigned to allow manual return should the valve stem get stuck.Â

Meter Flow: Redesigned valve to better meter flow.
