weights system.

### DESCRIPTION

The latest Guardian has an incredible 1680/1000 denier nylon build. Thereâ€™s thirteen D rings on the BCD, nine of which are stainless steel. Thereâ€™s also two clips either side of the jacket, two generous zipped pockets and four air dumping methods. The jacketâ€™s two integrated quick-release weight pockets and two rear trim weight pockets give a wide range of weight options.

Â

### FEATURES

**The Guardian has all-new features and extras:** our ergonomically designed power inflator system, EES (Easy Evacuation System), Moulded Protection Plate, sliders for vertical adjustment of the chest strap, a removable reflective pocket for our Flexi-Light, and a removable bungee cord with a split ring attachment point. To top it off, the BCD features a rugged, striking outer layer on the side panels, and itâ€™s supplied with a Northern Diver carry bag.

Ergonomically designed power inflator system, comprises LP/corrugated hoses, inflate/dump buttons, mouthpiece and Velcro retainer

3 pull dumps: shoulder, power inflator and kidney

13 D-rings: 9 stainless steel, 4 CETL plastic

2 side clips
